

KAISER REINFORCES ARMY IN POLAND AND AVOIDS DESTRUCTION

(Continued from Page 1.)

vines of Galicia state that the inhabitants of all the regions evacuated by the Austrians are facing famine.

THREATEN COMMUNICATION.

By Associated Press.
BERLIN, Dec. 1 (by wireless).—Latest reports from Russian Poland, given out officially in Berlin, indicate that the Germans have resumed the execution of their plan to encompass the Russian right flank and to force it back on the center, at the same time cutting off the Russian communications with Warsaw.

The carrying out of this plan, which began with a Russian defeat at Lipno and Plock, later was hindered by the arrival of Russian reinforcements and the Germans for a moment were thrown on their defensive. Now, after repulsing a number of attacks, the Germans appear to be moving forward in the direction of Warsaw.

German movements in this region have not been interfered with in the last few days and this German military observers say, must be taken as a highly favorable sign, as in their opinion a German repulse of the Russian advances probably has been followed by a general offensive move-

ment of the Germans toward Lodz.

HANDS AND FEET FROZEN.

By Associated Press.
PETROGRAD, via London, Dec. 1.—The condition of German prisoners captured in the vicinity of Lodz is said to resemble that of the French troops during Napoleon's retreat from Moscow. Many of them have frozen hands and feet. They were wrapped in blankets and shawls taken from the peasants. One private wore a woman's fur wrap. The prisoners say that before their capture their courage was kept up by statements that the quartermaster was bringing warm clothes, which would be distributed in a few days.

The reported use by the Germans of monasteries, chapels and other public buildings in captured towns as barracks, stables and gun stations is explained by the prisoners as due to the belief that the private buildings had been mined.

Reports from the front that reinforcements sent for the army of General Mackensen near Lodz are taking up positions along the Vistula river, where the German resistance has been overcome, are to do so.

seems to have been least effective. The apparent purpose of this move is to hinder the Russian enveloping movement until the main German column is extricated from the line which runs from Strykow through Gierzow to Szek.

Official reports from Galicia indicate that the Russian advance along the foothills of the Carpathian mountains has reached a point south of Cracow, thus surrounding the city from the northeast and south.

GERMANS BREAK CORDON.

By Associated Press.
LONDON, Dec. 1, 12:05 p. m.—Though it seems clear now that the German army in Russian Poland, or that part of it which the Russians surrounded near Lodz, narrowly escaped annihilation, the Germans fought with such fury that the cordon encircling them was broken, and German reinforcements are coming up. The issue is not yet decided.

The British press, interpreting the news dispatches from Petrograd, contends that a Russian success on a colossal scale still is possible, but in all quarters it is admitted that the recent claims of a complete Russian victory were premature.

Poland, with Emperor William on the field, will likely continue to overshadow all other war areas for some days to come. Even the London press is devoting more space to the battles there than to the conflict in Flanders. This partly is due, of course, to the fact that there has been so little change in the western situation, conditions which may persist until such sharp turn occurs in the eastern struggle.

Throughout Belgium the Germans are remaining, generally speaking, on the defensive and immediate signs of a renewal of attempt to back their way to the French coast are lacking.

Some dispatches say that the Germans already have begun to fall back from their rear entrenchments, but as the official statements made no mention of this it is only a guess of correspondents, working on the theory that the Russian success has been overwhelming and final.

King George's visit to France seems likely to appeal to the popular imagination. The newspapers are featuring His Majesty's trip, pointing out that it is the first time a reigning British monarch has been with his armies in the field for 171 years. George II being his last predecessor to do so.

GERMAN ARMY SEPARATED.

By Associated Press.
PARIS, Dec. 1, 5:45 a. m.—The situation in Poland, according to Ludovic Naudean, special representative of the Journal de Paris, who is at the Russian headquarters in the field, is as follows:

"General Mackensen's Eighth German army is separated into three groups. The first, between Gumbin to the north and Breslau to the south is being attacked on three sides. There remains an opening on the western road toward Kielce, which however will be threatened by Russians advancing from Lodz. Part of this first group at Gumbin and Strykow is almost entirely surrounded.

"The second group, to the south, at Rzegow and Tyszkow is trying to force its way through to the north, but is opposed by the Russians at Lods, and Breslau and the western road is closed to it by the same Russian army which recently beat two German corps at Wiel-

"The third group to the west is in a critical but not desperate position for, by a right flank at Zdzimka Wola to Kalisz, Warta, it still holds the road to Kalisz, which could serve either for retreat or for reinforcements if General von Hindenburg thinks it still possible to try to save his eighth army."

COURAGE IN RETREAT.

By Associated Press.
LONDON, Dec. 1.—The Petrograd correspondent of the Daily Mail in a dispatch to his paper, testifies to the extreme skill and courage with which the Germans are conducting their retreat. He says:

"Refusing to consider surrender as a possibility and closing their eyes to inevitable enormous losses, the German officers ordered their forces to break their way out."

"The Russians were not in sufficient strength to close up immediately any breach in the surrounding forces, and at the point where the Germans concentrated their attacks in order to join up with the other forces in the neighborhood of Strykow, the Russians were unable to pile up sufficient troops to hurl back the desperate onset which the Germans made with the equally desperate knowledge that their food and ammunition could not last long."

Reuter's Vienna correspondent, telegraphing Monday, gives the following official Austrian report:

"In the southern war theater Sunday we stormed Suvorov, between Valjevo and Cacak, after an obstinate defense. We took fourteen machine guns and twelve hundred prisoners. We discovered in Uzice large quantities of arms and ammunition."

TAKE MORE PRISONERS.

By Associated Press.
BERLIN, Dec. 1, by wireless to London.—The following official announcement was given out in Berlin today:

"There is no news to hand from the western arena of the war. In East Prussia and in Southern Poland, it was generally quiet yesterday. In North Poland, south of the Vistula, our war boot was increased still further as a result of the successes announced yesterday."

"The number of prisoners taken by us has been increased by about 5000 men and we have taken nineteen more recently. In addition twenty-six machine guns and numerous ammunition carts fell into our hands."

GOATS FIGURE IN SUIT.

The case against Mrs. Mary A. Schuyler charged with receiving and retaining money under false pretenses was dismissed by Judge George Samuel today. The charges were brought by J. C. Stewart, 607 East Seventeenth street, and involved a transaction in land and a herd of goats. The matter had been before the police courts for several months and was finally withdrawn from the calendar today.

TO MORTGAGE E. W. C. A.

Petition to mortgage the New E. W. C. A. building, now nearly completed at Webster and Fifteenth streets, was filed in the Superior Court today by Grace M. Fisher, president, and Martha E. Hanmer, secretary of the organization.

CONFIRMS BOAT'S INDICTMENT.

TRENTON, N. J., Dec. 1.—United States District Attorney Davis today confirmed the report that the federal grand jury has returned an indictment against the Central Railroad of New Jersey for alleged rebating to dealers in antracite coal.

ESPIONAGE KEEPS LONDON WORRIED; AMERICAN VIEW OF NEUTRALITY TAKEN DETAILS BRITISH WAR OPERATIONS

Those Designated as "Alien Enemies" Not Leading Cheerful Lives.

By Associated Press.

LONDON, Dec. 1.—The lives of those officially designated as "alien enemies" in England are not cheerful these days although they are not in any danger of death or violence. The only outbreak against them was the recent rioting in the suburbs of London, when several German shops were smashed.

The rioters received a lesson likely to put a damper on future outbreaks. The leader was sentenced to one year in prison, two supporters to six months and others were released on bonds under condition that they fulfill their fervent expressed ambition to emigrate to America.

Hostility against Germans has been caused principally by the popular belief that all of them are active or possible spies. The most recent campaign in the newspapers has been against the individual and wealthy Germans, who play a powerful part in British financial life. Naturalized Germans, as well as those who retain the allegiance of their birth, are included in the general cloud of suspicion.

GENERAL ROUND-UP.

There are several German-born members of Parliament, and by an understanding among themselves they are remaining away from Westminster during the war sessions. None of them has resigned. A few days ago several newspapers started an agitation to have all Germans and Austrians confined in concentration camps, and a general round-up was under way. Two causes helped this movement in the bud. One was prompt retaliation in Germany where all English residents were gathered in by the police, and the other was the difficulty of finding accommodations for the great number of foreigners who were eligible for the concentration camps.

Spies are sharply divided into two classes by British opinion. For the German naval reserve, Lieutenant Earl Hare-Lord, who was shot in the Tower of London, the papers have had nothing unkind to say. For a naturalized baronet named Ernst, who was sentenced to seven years' imprisonment, there has been much execration. The judge who sentenced Ernst called him a "contemptible creature," and said that he would have been as willing to betray Germany as he was England, if paid for his work.

ACTED AS GO-BETWEEN.

Ernst acted as merely go-between in forwarding letters for the chief of the German-British espionage system, named Stelzner, and his wages were only 30 shillings a month. Scotland Yard detectives had been shadowing Stelzner's work for two years. They intercepted and read his letters and permitted those to go which contained harmless information and misleading information. Public opinion places in entirely different classes the spies who do their work in time of war, and take chances, and those who follow the business in time of peace, professing friendship for the country and making their living in it.

None of the possible but unprovable things has taken so firm a hold on popular belief, except of Russian hosts from Scotland to France, as the wonderful tales of German spies. The authorities are inundated with revelations and clues. The whole east coast of England is swarming with men who send flashlight signals to German ships at night. If the stories of the newspapers in coast towns are correct.

PUBLIC UNEASY.

One gentleman has sent the authorities a most detailed account of the code messages transmitted by red and white lights from the neighborhood of his home, but he police have never been able to see these signals with the same eyes as the discover. Germans have made excavations, have laid concrete foundations for heavy guns at strategic points and have built cunningly concealed roads from landing bases, according to some of the most strongly urged clues.

Behind the masses of suspicion and rumor there is enough activity by the Germans discovered from time to time to keep the public in a state of uneasiness.

DANISH STEAMER SUNK BY MINE IN NORTH SEA

By Associated Press.

LONDON, Dec. 1.—The Danish steamer Mary of Ebsjerg was sunk by a mine in the North Sea Sunday. Her crew of fourteen took to the boats, one of which was picked up by the steamer Juno and landed at Grimsby last night. The other boat, containing the Mary's chief officer and seven men, is still missing.

The steamer Mary was a vessel of 580 tons. She was built in 1899 and was owned by the Danish Steamship Company.

MANITOBA WILL CURTAIL WARTIME LIQUOR TRAFFIC

By Associated Press.

WINNIPEG, Dec. 1.—Premier Sir Robt. M. Bourassa has decided to take drastic action in curtailing the liquor traffic during the war period. The forthcoming session of the legislature will be asked to pass a government bill giving municipalities the right to limit by a majority vote the number of licenses and a clause will be inserted giving the government special powers to curtail the hours at which liquor may be sold in times of public stress.

MANY SUFFER IN VIENNA

By Associated Press.

VENICE, via London, Dec. 1.—Unusually bitter cold, accompanied by a heavy snowfall, is said to be causing intense misery to the population of Vienna. The situation is made worse by the exorbitant prices of food, and the municipality is feeding many thousands of persons. Owing to the high price of flour the authorities are experimenting with a soap made from potatos, barley and maize. Extraordinarily cold weather is reported from the southern battlefield, especially in Bosnia.

GERMANY FORBIDS EXPORTS

By Associated Press.

LONDON, Dec. 1.—A dispatch from Berlin by way of Amsterdam to Reuter's Company says that the export and re-export of rubber, creosote, metal, photographic lenses, certain kinds of plain phosphates, glass for snow spectacles, sealantite and soda is forbidden.

SWEDISH STEAMER IS PRIZE

By Associated Press.

LONDON, Dec. 1.—The Swedish steamer Friedland, which sailed from New York October 25th for Copenhagen and arrived at Kirwall, Scotland November 18th, has been brought into Shields as a prize.

Appetite Follows
Good Digestion

Nearly everyone indulges their appetite and the digestive organs are abused, resulting in a congestion of poisonous waste that clogs the bowels and causes much misery and distress.

The most effective remedy to correct this condition is the combination of Saline laxative herbs with pepsin known as Dr. Caldwell's Syrup, Peppermint. This is a natural, pleasant tasting remedy, gentle yet positive in action, and quickly relieves indigestion, constipation, sick headache, belching, etc. Drug stores sell Dr. Caldwell's Syrup. Pepsin at fifty cents and one dollar a bottle, and in thousands of homes it is the indispensable family remedy. For a free trial bottle write Dr. W. F. Caldwell, 451 Washington St., Monticello, Ill.

James Higgins Faces Jury
With New Counsel Help-
ing McDonough.

(Continued From Page 1)

been examined when noon recess was called. It is not likely that a jury will be obtained until tomorrow. The people have five peremptory challenges and the defendant twice that number.

Embezzler Says
He Gambled in
Jack Woolley's

Once again the name of Jack Woolley has crept up in the Superior Court in connection with gambling joints alleged to have been conducted by him in which defendants charged with various felonies testified that they spent their ill-gotten gains over his gaming tables.

John Dersal, son of a well-known and prominent Oregon family, was sentenced by Judge Ogden to serve two and one-half years in San Quentin this morning, after denying his plea for probation.

Van Dersal told the court that nearly \$1000 which had been embezzled from a local mining company had been spent in reckless living and in gambling. Among the places where he lost money, Van Dersal named three on Western street near the Southern Pacific station, known as "Sear's," "Van's" and the "Station." Once the first time that he played there, he said that he had won \$12 in Jack Woolley's place. Another place where he played poker, he said, was in the basement of the Hotel St. Mark.

Different opinions were versed as to Van Dersal's being entitled to probation. Governor Oswald West of Oregon wrote that "he comes of a good family, has no criminal instincts and I would recommend that he be paroled."

Chief of Police Petersen said, "I do not think he is entitled to probation." Assistant Probation Officer Compton recommended against probation, explaining that while he believed Van Dersal would be a good risk, the fact that the defendant had gotten further involved in defalcations after he had been discovered and given an opportunity to make good was greatly against him.

Van Dersal told Judge Ogden that he had been accustomed to making large sums of money. For many years he compiled publications on cattle brands in Wyoming, Arizona, Montana and the Dakotas, making as much as \$15,000 per year.

The defendant said that he was a son of a clergyman, but that he had always gambled, having been associated with the rough ways of the cattle country. He is also interested in a recent patent which he hoped would enable him to make good his shortages to the local milling company.

ALLEGED PLEA TOLD.
The affidavit in question calls attention to an alleged visit of Morton Phillips to Wilson's home at 215 Pacific Avenue on the night of November 19, the day warrants were issued against Wilson and his partner. Wilson charges that Phillips informed him that, providing he received the law firm of which Phillips was a member, he could bring about a dismissal of the case. Should he by chance fail he would, he said, return whatever attorney's fees might be charged. In urging Wilson to retain his firm of lawyers it is declared that Phillips made much of the fact that Judge Crist's brother, Attorney Arthur F. Crist, is a member of his law firm and intimated that therein lay the reason why Wilson should go no further in his search for competent attorneys who would bring about his release.

All of the parties to the transaction were on hand this afternoon and the air was electrically charged. The spectators evidently believed that something was going to happen and they wanted to be in at the finish.

**Jake Baumgarten
Pleads Guilty to
Betting Charge**

Jake Baumgarten, indicted for making pools on boxing contests held in Piedmont Pavilion, pleaded guilty before Superior Judge Ogden this morning and had his case referred to the probation office.

The defendant was remanded into the custody of the sheriff until the report of the probation office is made to the court, which will be next Tuesday.

Baumgarten acted as his own attorney.

Eddie Murphy, who was jointly indicted with Baumgarten, was represented by Attorney J. J. Van Hovenberg. He asked that his case be continued until next Tuesday to plead. The request was granted. Murphy is on bail.

TO DISCUSS FERRY.

Oakland commercial bodies will be

represented next Friday at the meeting to be held in the San Rafael city hall by representatives of this county, Contra Costa and Marin county for the purpose of discussing the trifecta farm plan. State Highway Commissioner Stearns will address the meeting, telling of the value of the plan from the state highway standpoint. Secretary J. E. Caine of the Chamber of Commerce-Commercial Club Consolidated will head the delegation and representatives of different railroads and shipping concerns, as well as of the cities of Richmond and San Rafael will be in attendance.

Newsboys to Be Christmas Guests at Hotel Oakland

Impressed with the success of the recent Newsboys' Dinner given by THE OAKLAND TRIBUNE and the Wheelmen's Athletic Club, Victor Reiter, manager of the Hotel Oakland, announced today that he would duplicate the dinner two nights before Christmas. Two hundred and fifty newsboys will be the guests of Reiter in the main diningroom of the Hotel Oakland on Wednesday evening, Dec. 23d, at 8 o'clock. Gerald Beaumont, sporting editor of THE TRIBUNE, and "Jimmy" Rohan of the Wheelmen's Club, who were in charge of the last dinner, will serve with Victor Reiter, as chairman, on a committee which will handle all the details.

The dinner is expected to prove one of the most novel affairs ever held in a Pacific Coast hostelry and Victor Reiter is being warmly complimented today on his generosity and courage.

An auto parade will precede the dinner, and there will be a minstrel show between courses, with a Christmas tree, Santa Claus and numerous novelties. Reiter himself will sit with the newsies, as will several guests of honor. The hotel orchestra will be in attendance and everything will be done in true Hotel Oakland style.

GENERAL VILLA IN MEXICO CITY

CORONER QUIZZES HANALEI'S MASTER

(Continued From Page 1.)

oner of Huerta," remarked General Villa upon his arrival.

General Villa had a narrow escape from death just before his entry into the city. His train collided with the train of General Chao above Tula. Thirty-two persons were killed and forty

One mile below the scene of the wreck six mines were found connected with a battery concealed in a ravine. The general's train passed over these mines, which were not discovered until the next morning.

PROMISES PROTECTION.

WASHINGTON, Dec. 1.—General Emiliano Zapata, whose forces occupy Mexico City, has assured the United States government through American Consul Silliman that foreigners will be given every protection and that his troops will continue to preserve order.

Dispatches from Silliman telling of his interview with Zapata and similar reassuring messages from the Brazilian minister in Mexico City were laid before President Wilson and the cabinet by Secretary Bryan.

Both Silliman and the Brazilian minister reported Zapata was very courteous to the diplomatic corps.

The only serious disturbance was the firing of several shots by Zapata's soldiers at a fire engine which was then charging down one of the principal streets. Zapata explained to Silliman that his men mistook it for an assault of the enemy and he regretted that some of the firemen were killed by the error.

WILSON ON SITUATION.

President Wilson spoke a word of warning to the public today regarding reports on the situation in Mexico. At his weekly conference with the Washington correspondents the President declared there were many persons in Mexico as well as in the United States who found it to their advantage to have trouble in the southern republic and were interested in giving out false reports of the situation.

Dispatches today from American Consul Silliman in Mexico City reported the arrival in person of General Zapata Sunday. The general at once restored the train car properties confiscated by the constitutionalists to the owning corporation and restored the property of an American named Hill, which also had been taken.

General Angeles arrived the same day with the advance guard of Villa's army and later Zapata left for Puebla. The city was quiet and orderly.

Silliman reported, and the diplomatic corps was being consulted on measures of safety.

Communication between the capital and Vera Cruz was restored late yesterday. American Consular Agent Carothers, representing under date of Sunday from Tula, a short distance north of Mexico City, where he was with Villa, reported preparations being made for an attack on General Gonzales, a Carranza chief, who was reported to be at Pachuca.

APPOINTS AGENT TO U. S.

EL PASO, Texas, Dec. 1.—General Zapata has appointed Camilo Arriaga as his diplomatic agent to the United States, said a message received today by the Carranza agency here. It was said that Arriaga would arrive this week if he can.

Carranza agents here today denied the Pachuca agents here yesterday denied that the Pachuca had been captured by Villa forces. They said that communications had been established with the Durango capital by way of Nuevo Laredo and that the Carranza commander said that no battle of any kind had taken place.

FIVE MORE KILLED.

NACO, Dec. 1.—Five more persons were added to the casualties on the American side in the siege of Naco, Sonora, yesterday.

Patrols of Brown, Ninth United States Cavalry, was shot in the head and totally disabled. Four other children were wounded, one seriously.

There was a total of 17 persons injured on the American side, 10 of whom came from the Mexican, U.S. Cavalry and Cavalry, U.S. Cavalry, and Cavalry, U.S. Cavalry, and 7 from the Mexican, U.S. Cavalry.

One man is dead and two are reported to be very dead.

The story of the Mexican town to be fully completed tomorrow. Mexican

men are giving the orders before Hacienda and, probably, keeping regular.

One of the men was the "Tobacco State" which was reported to be two weeks ago because of the damage from the battle. The shell is said to have been fired for protection at 500 meters, indicating that the distance between the two lines of trenches.

Unknown statements to residents indicate on continuing the fight. It is reported that he will make no reprisals on the town in reprisals and sufficient effort properly to command his men arrive.

MODERN HOMESTEAD ASSOCIATION

and heard the conversation. The second officer explained that Captain Carey had ordered the Hanalei full speed ahead on the rocks.

"I first thought I would drop anchor," replied the captain, "but I saw it was no use. I was going to back into the ocean, but we lost our rudder. The only thing to do was to beach the ship. I thought by so doing I could save all of the passengers."

"You say, then, that the second officer changed his course without authority?"

"Yes, sir. He admitted it to me."

"He admitted it?"

"Yes, he admitted his fault before the accident; that is, before we struck."

"Who was present?"

"I am almost sure the chief officer, Thomas McTeague, was on the bridge

when he was shot.

Captain Carey dwelt upon the assertion that if the life-saving crew had been

equipped with rifles for shooting, instead of the altered antiquated gun still

in service, the result as far as saving the lives of passengers and crew was

concerned would have been far different.

Commanding Captain Carey said, "If a boat of light draft had been moored above and a life raft lowered down to us the crew on shore had no searchlights. The gun was antiquated and so was

the boat."

"It is a fallacy to say that we were

going too close to the shore. That is the

safest way to navigate. We were follow-

ing the line of the coast survey. It is

always best to steer from a given point on shore and but little danger attaches to such a course."

Captain Carey dwelt upon the assertion that if the life-saving crew had been

SHERIFF CURSED BY GYPSY QUEEN

Separated From Her Babies,
Arrested Woman "Wishes
the Evil Luck."

LOS ANGELES, Dec. 1.—With mystic incantations and muttered strange curses to "wish the evil luck" on Under Sheriff Brain and the deputies who raided the secret camp near Lancaster and brought eight of the chiefs to the county jail, the queen of the band yesterday placed a spell on the entire jail.

One moment a wild, dervish-like figure uttering threats and incantations, the next a crooning mother cuddling her babe in her arms was the gypsy queen.

"He takes my baby away—he takes away my baby," she wailed, with threatening gestures toward the sheriff's office. "The high sheriff—he takes my baby and my baby—it is from my arms. I wish all the evil luck on him." And the black head with its long braids and fantastic headdress drooped low over her heaving bosom.

"Won't you tell what you are saying?" she was questioned again and again.

"No, no," she stormed. "It is the curse of my people—the horrible curse that brings to the high sheriff all misery and woe. I will not tell, else it works not. And I hate him."

Under beetling brows the gypsy queen scowled on the curious spectators. Suddenly a wonderful light brightened her eyes, a smile radiated her face and softened it till the fighting queen was transformed into a picture of warm love. The arms that had been waved about her head in menacing threats were thrust outward as though in an embrace. Her grotesquely clad figure swayed toward the barred windows looking out on the street.

"My babies—they bring them to me. My little babies—"

The clang of the outside doors, the swift steps of a swarthy gypsy bringing a babe in arms and a beautiful-faced boy of 4 years—and the gypsy queen was only a mother, sobbing over the little figure which cuddled into her arms, and rubbed its curly head against the red lips that no longer uttered "precious Grannie," the crowd stood aghast and the gypsy behind her bars was alone, crooning a queer, Roman love song to her child.

MRS. JOHNSON'S CAR
GETS LICENSE NO. 1

SACRAMENTO, Dec. 1.—Distribution of the automobile license numbers for the year 1915 began today. Fifty thousand blank applications were mailed out yesterday by Superintendent W. R. Ormsby of the Motor Vehicle Department.

This morning on the opening of business hours at the state treasurer's office the applications were received and marked in the order of their receipt, the first comers getting the lower numbers.

There is a spirited contest to obtain the lower numbers, which are much coveted by automobile owners. The rule will be first come, first served, except for the numbers running from 1 to 20.

These numbers will be awarded to those who made early and direct application to the state treasurer. Their names are not yet known.

Ormsby decided that the numbers should be given out in the order of their receipt, with all the application blanks to be mailed at once in large numbers, but the state treasurer's office obtained twenty blank applications ahead of time and these will be used to give the numbers from 1 to 20 to those who applied early.

Mrs. Hiram Johnson will secure number 1 for her electric machine, while number 1915, symbolic of the exposition year, will adorn the gasoline car of the governor.

**BIG APPROPRIATION IS
ASKED BY ARMY HEADS**

WASHINGTON, Dec. 1.—Appropriations aggregating \$104,124,512 to carry the army through the coming year are proposed in estimates which the War Department has just completed for submission to Congress. This is an increase of \$2,105,300 over the total carried by the army bill for the current year, although reductions are made in the allowances for many branches of the service.

A new item of \$150,000 for purchase of automatic machine rifles is asked. Altogether \$2,900,000 is sought for ammunition compared with \$2,660,000 carried in the current law. For field artillery for the organized militia \$2,890,000 is asked, \$2,100,000 having been appropriated last year. For the manufacture, repair, and issuance of arms at the national armories, \$250,000 is asked as against \$50,000 last year.

MUSICAL RECITAL

Harold Parish Williams, for three of the solos for the University Club, and who has studied under some of the most noted coaches in the field of singing, will appear at the Oakland at 8:30 o'clock. He will be assisted by Miss Rosalie Wren, Miss Frederick Maner Jr., will accompany. A number of society leaders from both sides of the bay are included in the list of patroresses. At a recent recital given in the St. Francis he received warm praise and was enthusiastically received. Tonight his program will include selections from "La Boheme" and "Faust," a group of Brahms, Schubert and Strauss numbers, as well as English compositions. Miss Wren will play Von Dohnanyi's "Vier Rhapsodien" and "The Wind Speaks" (Grant-Schafer).

**Lime-Loss in
Tuberculosis**

In the Journal of the American Medical Association (January 17, 1914) was the following:

"It has been many times stated that in tuberculosis or in the pre-tuberculous stage an increased amount of calcium (lime) is lost both in the urine and feces. In fact, a denaturation has been thought to be a factor in the development of tuberculosis."

"Forced feeding of tuberculous patients and the enormous amount of eggs and milk once given such patients are not now considered advisable by a large number of physicians who are specialists in the treatment of pulmonary tuberculosis."

"If tuberculosis is due to a loss of lime from the system, the success of Ecke's Alternative in the treatment of the disease is but due, in part, to the fact that it contains a lime extract so compounded with other valuable ingredients as to be easily assimilated."

Always we have urged users of Ecke's Alternative to attend strictly to a diet of food and proper dietetic and corrective remedial agent seems to be the best diet. In numerous cases of acute recovery from tuberculosis and its threat and bronchial affections Ecke's Alternative has supplied this

not contain opiates, narcotics, morning drugs, so it is safe, for druggist has it or will order it from us or will order it in laboratory, Philadelphia.

TELEGRAPH OPERATOR HELD FOR GRAND JURY

NEW YORK, Dec. 1.—H. L. Linder, a telegraph operator employed by the Postal Telegraph Company and stationed in the office of the New York Globe, was held in \$5,000 bail for the action of the grand jury when arraigned in the Tombs Police Court today, charged with violating section 552 of the penal law, in that he revealed the contents of certain news messages sent out by the Associated Press.

Albert Venino, counsel for Linder, requested that the case be adjourned so that his client "might confer with counsel for the Associated Press and recuse the wrong he had committed if any." This motion was overruled by the presiding magistrate.

Several dozen copies of the Associated Press testifying regarding a decoy message containing what purported to be news concerning the sinking of the Russian dreadnaught *Flibe*, formerly the *Ismaill*. Linder testified he received money from the New York News Bureau, an organization operating a ticker service, for sending it messages taken from the wires operated by the Associated Press.

Foley Cathartic Tablets.
Are wholesome, thorough cleansing
and have stimulant effects on the
stomach, liver and kidneys. Bismuth
with no griping and no unpleasant after
effects. Stop people and they give im-
mediate relief and comfort. Anti-bilious.
Warren Scofford, Green Bay, Wis., writes:
"Foley Cathartic Tablets are the best
medicine I ever used. They do the work
promptly and with no bad after effects."

JUDGE SAVES \$14,000 FOR BOY

Night Session of Court Prevents Huge War Tax and Ruined Chances.

SAN FRANCISCO, Dec. 1.—In order that he might be spared a \$14,000 war tax for which he would become liable today, Superior Judge Graham held a special session of court late last night in behalf of Robert M. Bandini, grand nephew of the late Arcadia de Baker, for whose estate some hundred heirs are fighting. Nearly every lawyer of prominence in Los Angeles, including former Governor Henry T. Gage, has been retained by one or the other of the litigants and now certain phases of the matter are before the Supreme Court while a host of tender years sought for in the wilds and located after long search, has opened up a battle in San Francisco.

The estate, valued at \$7,000,000, includes 7000 acres of land in Los Angeles county and business property in the southern metropolis. The claim of young Bandini, who is the grandson of the half sister of Mrs. de Baker, is being put forward by District Attorney A. M. Free of Santa Clara county. Remembering a conversation he had with the boy five years ago the district attorney delved into musty Mexican records, looked up carefully all of the papers in existence in this state and then searched hither and yon for the boy, whom he finally found by reason of the peculiar record he carried.

MADE INHERIT TWELFTH. At present it is believed that Bandini will obtain one-twelfth of the entire estate by reason of a compromise which has been effected among the heirs. Had he been forced, however, to pay the \$14,000 war tax on his share, which would have been the case had the matter come up today, his chances would have been jeopardized. Sponsored by his mother, Mrs. Ruth McMahan, who is also his guardian, he appeared before the special session of the court and to-day further proceedings were held.

One of the other chief claimants is Mrs. Arcadia Bandini Bremner, a grand niece of Mrs. de Baker, who took care of the aged woman and alleges she was promised the entire estate. There are 42 descendants of Abi Sterns, a husband of Alba de Baker, and they are claiming that half of the entire property belonged to him. There are also numerous other groups of heirs, several of whom had taken the matter to the Supreme Court.

\$350,000 Estate Fails to Materialize, Sues

SAN FRANCISCO, Dec. 1.—Mrs. Anna L. Greenbaum, a middle-aged woman who has been residing at the Louis Apartments, was arrested and charged with obtaining money under false pretenses this morning when she appeared at the hall of justice in response to a summons. Mrs. George L. Miller, of 1326 Pine street, claims that she met the woman early in July and that the latter described a wonderful \$350,000 estate in Seattle, to which she was heir, as well as property in Stockton.

She averred that she was led to advance her some \$700 in small sums after she had been taken by Mrs. Greenbaum to see an alpaca plant in the western addition in which the woman said she had invested. Detectives Gallivan and McCann of the bureau detail located Mrs. Greenbaum after considerable difficulty.

ROYAL OAKS TO GREET PORTLAND ROSARIANS

The Royal Oaks, whose triumphal pilgrimage to Portland as the militant boasting arm of the Commercial Club, attracted attention throughout the state during the Rose Carnival, is to be re-lived. The first meeting will be held at noon in the Commercial Club room. The Royal Rosarians of Portland are coming to Oakland for a return visit, and Oakland's white uniformed boosters will be on hand to receive them on their arrival.

News of the coming of the Rosarians, the booster marchers of the Portland Commercial Club, arrived today when official notification was given. Managing Director J. E. Caine. They will spend the afternoon and evening of December 4 in Oakland as guests of the Chamber of Commerce-Commercial Club, Consolidated.

The boosters will make the stop while en route to San Diego, where they will attend the opening of the Panama-California Exposition on January 1. They will be entertained at a dinner in Oakland and other affairs are being planned. The Royal Oaks will act as their official escort. Both organizations wear white uniforms and the combined forces will drill before the Hotel Oakland.

The Royal Oaks, under the direction of Leslie Bice, their captain, won first prize for the best drilled organization at the Rose Carnival in Portland two years ago. It is probable that they will attend the Portland carnival next year.

AUTO CAUSES ARREST.

ALAMEDA, Dec. 1.—W. A. Sanders of 1547 Franklin avenue, Oakland, was arrested yesterday. He was taken by Policeman William Petes on a charge of obstructing a fire plug. Sanders left his automobile 13 feet from the fireplug when it should have been 25 feet.

SCHOOL BOYS DEPART TO JOIN VILLA ARMY

Herbert Boydston, 14 years of age, 2045 Rosedale avenue, and Herbert Whittemore, 2025 Rosedale avenue, have run away from their homes together, with the purpose of going to Mexico to join their father with the revolutionists. The two boys stand on the threshold of a brilliant career. It is alleged, depending upon the Jefferson School and conferring two bicycles. They then packed some clothes and departed.

The police have been asked by Mrs. L. N. 2025 Rosedale avenue, to assist in the search for the boys and every effort will be made to surround them before they cross the frontier. Mrs. Niles has informed the police that she had learned from boy companions of the two adventurers that they had taken the two bicycles from the school before starting on their trip.

FRANCE ORDERS PROVISIONS.

CHICAGO, Dec. 1.—Additional orders for 10,000 cans of corned beef and \$50,000 for hog backs have been placed with Chicago packers by the French government. It was announced today.

RAIN AND COLD SNAP IS NOT YET ENDED

The United States Weather Bureau this morning forecasts rain tonight and probably tomorrow with a fresh southerly wind. The precipitation has been heavy, extending from Los Angeles northward to the Oregon line. San Diego and the region in the extreme southern portion of the state has so far escaped, and it is doubtful whether the downpour will reach that far.

The shower last night and early this morning were extremely beneficial and mean much to California. At Eureka only a small precipitation was reported, the rain gauge registering .94. At Point Reyes, however, 1.22 fell, and at Red Bluff .35 was reported. San Jose received a heavy fall. The gauge showed .41 at 6 o'clock this morning. Oakland, too, was given a generous supply, with .35, and at San Francisco .34 was recorded. San Luis Obispo received .34, Pasadena .40 and Santa Barbara .74.

The high southwesterly winds all along the Central California coast have caused storm signals to be put out for the benefit of mariners, and the temperature has risen generally, and last night's cold rainfall in the bay cities, with a temperature of 44 degrees, particularly bluffed Redwood City, where it is fair in the Middle West and the Rocky Mountain section. The rain is expected to penetrate into Nevada before night.

Truckee has had its first heavy snow, according to a report at the local weather bureau today. The Truckee meadow says about six inches on the level and about a foot at the summit has fallen and it is feared that the storm will put an end to the automobile travel over the "Truckee route," which has heretofore been open. The Truckee hills had a slight snowfall a short time ago, but this is the season's first heavy snow.

A heavy snowfall was also reported from Portola and two inches now cover the ground there, according to wired information. At Auburn the rain of last week brought the season's rainfall total up to .94 of an inch, which is far below normal. At this time last year the rainfall was 3.94 inches for the same period. In Los Angeles, Dec. 1.—General rain over most of Southern California has put an end to a dry autumn that was beginning to worry farmers. During the night a heavy downpour began, extending through part of the morning, and unbroken conditions promised more showers for the stormy end.

In Los Angeles, .67 inch fell. Around Santa Barbara there was slightly more, .74 inch being recorded. Mount Wilson, near Los Angeles, was covered with six inches of snow. Practically all plowing and seeding was finished before the rain started, so that the storm means benefits and not damage to the farmers.

SNOWBOUND AT RENO. Autos are snowbound in Reno, according to the telegrams received by the weather bureau, and from Constantia

OPPOSES CIVIL SERVICE BOARD

Commissioner Forrest Disfavors Proposed Changes in Dept. of Finance.

Commissioner John Forrest has locked horns with the civil service board over proposed changes in the department of finance and revenue, and unless the matter can be settled at a conference to be held by Mayor Mott between the board and the commissioners, it is probable that there will be open war. The conference has been considerably delayed for a long time, but the situation has lately become so acute that Mayor Mott is finding it difficult to hold it down and keep the civil service commissioners and Commissioner Forrest from delivering ultimatum at each other.

Forrest voted no today against two ordinances effecting changes recommended by the civil service board, and when asked about the ordinance drafted with regard to proposed changes in his own department, he declared unhesitatingly that he would not introduce the ordinance, nor vote in favor of it.

From the Department of Revenue and Finance — Treasurer's appropriation, \$1,050; revenue and collection appropriation, \$2,570.

From the Department of Public Health and Safety — Office appropriation, \$200; woodyard appropriation, \$100; building in-spector's appropriation, \$75; electrical appropriation, \$23,550; police appropriation, \$25,392; public works, \$1,000; city council appropriation, \$1,250.

From the Department of Public Works — On the waterfront development fund (dredger), \$1,629.25; on the waterfront development fund (pier), \$1,304.16; on the addition to the water front, \$51.00; on the grammar school construction fund, \$160; office appropriation, \$490; city hall maintenance fund appropriation, \$1,205; labor appropriation, \$1,205; \$1,653.25; high school construction fund, \$127.50.

From the Department of Streets — Street appropriation, \$22,997.16; engineering appropriation, \$4,365.

From the Auditor's appropriation, \$1,140; assessor's appropriation, \$1,520.

From the City Attorney's Office — Office appropriation, \$1,131.57.

From the Civil Service Board — Civil service appropriation, \$225.

From the Police Courts — Police court appropriation, \$950.

Miscellaneous Appropriation — Pension, \$50.

WOULD HAVE ALL WOMEN REINFORCE PEACE MOVE

CHICAGO, Dec. 1.—Declaring that the whole force of woman's influence would be against war and pleading that women be allowed to reinforce the peace movement, Mrs. Bethick-Lawrence of London, England, spoke here today at the Fortnightly Club rooms under the auspices of the Chicago Equal Suffrage Association.

"The war has exploded once more for all the theory that women are the protected sex in war," said Mrs. Bethick-Lawrence. "We give her honor and dignity to the soldier who faces death in defense of his country, but his lot is infinitely to be preferred to that of women who are left behind to face the complete disorganization of industry. Thousands of women in England are face to face with starvation."

The ordinance on which Forrest voted no, thus indicating his probable stand on other civil service recommendations, effected reductions in the rank and pay of James McKee and James Mahan.

Extra work was placed on McKee's shoulders for a time, and then taken away. The civil service board recommended a corresponding reduction.

Mahan was totally transferred from the bureau of permits and licenses to the building inspector's office, with a slight reduction in rank and salary, from head to senior clerk, there being no occasion for the higher position in Building Inspector Towle's department.

The other commissioners voted in favor of the changes.

Before a settlement can be reached it may be that Mayor Mott will introduce the Forrest ordinance, and that it may be passed over the commissioner's head.

Opposes Reductions.

Commissioner Forrest had had the ordinance recommended by the civil service board in his hands for the past two weeks, and has continued in his determination not to introduce it.

"I stand for good wages," said Forrest, "and for equal labor," he added.

These changes are to effect reductions in certain salaries, and are to effect reductions. Salaries may be standardized when men are appointed, but after they have been receiving a regular remuneration for years, some of those men from a time before I was in office, I am against making a cut. I will not introduce the ordinance."

The civil service board contends that the changes recommended are merely a standardization of salaries to conform to service in the department. The effects of the two is the same and that failure to abide by this policy means that efficiency will not be of practical value.

PRES. WHEELER LAUDS LATE PROF. S. B. CHRISTY

COLLEGE DEAN'S DEATH IS SUDDEN

Scientist and Scholar Suc- cumbs to Acute Heart Disease.

"He was a man of steadfastness, virility and rugged strength, earliest in the pursuit of sciences and a devoted teacher. Out of the fullness of a great heart he gave himself unreservedly to the interests of his craft and to the service of the university; and in all things he was loyal and true." President Wheeler's Tribute to Professor Christy.

BERKELEY, Dec. 1.—Funeral services will be held tomorrow afternoon for Professor Samuel B. Christy, dean of the college of mining of the University of California and the oldest graduate of the institution still in the service of his alma mater. His death occurred yesterday afternoon suddenly.

The services will be conducted at St. Mark's Episcopal church at Bancroft way and Ellsworth street, of which Professor Christy was a member, at 2:30 p.m.

Rev. Edward Lamb Parsons, rector of St. Mark's, will officiate. The pall bearers will be chosen from among his late associates in the faculty. President Benjamin Ide Wheeler will deliver the eulogy. The interment will be private. It is probable that subsequent memorial services will be held at the university.

DEMISE IS SHOCK.

Though he had not been in the best of health for the last few months, Professor Christy's death was an unexpected shock to the campus, where he was one of the most popular members of the faculty. He had been conducting his work at the mining college during this semester. His death was the result of heart trouble, and occurred at his home at 234 Piedmont avenue. He is survived by a widow, Mrs. Sarah Adele Field Christy, and two daughters, Emma and Elizabeth Christy.

Samuel Benedict Christy was born in San Francisco on August 8, 1853, the son of Mr. and Mrs. James B. Christy, early pioneers in the west who came to California about the time of the Donner party. Graduating from the Boys' High School in San Francisco he entered the University of California in the class of 1874, among his classmates being James M. Budd, Thomas F. Barry, D. E. Collins, Clinton Day, J. C. Rowell, John M. Stilman and others, who have since become well known.

Graduated with the degree of bachelor of philosophy in the then unaccredited college of chemistry, he continued his studies in mining and metallurgy until 1879. During this period as a graduate student he served as an instructor in analytical chemistry and at the end of the time was promoted to an instructorship in mining and metallurgy. He was married in February, 1881, to Miss Sarah Adele Field, daughter of a prominent pioneer family of the bay region.

BUILDING A COLLEGE.

In 1885 Professor Christy became a full professor of mining and metallurgy, and the rise of chief importance in this country of the mining college here dates from this time. Professor Christy gradually surrounded himself with the most expert men he could find. Ten years ago, through the munificence of Mrs. Phoebe Hearst, the Hearst-Memorial Mining Building was erected on the campus in memory of Senator Hearst, and Professor Christy became its commandant, having previously been made formal dean of the college.

In addition to the writing of numerous reports of chief importance on mining and metallurgical subjects, Professor Christy has found time outside of his college duties for much original research. He was always interested, especially in the extraction of precious metals from their ores, and this science received great impetus as a result of his improvements of the process of extracting gold and silver from dilute cyanide solutions.

"He had more to do," declares E. H. Benjamin, a friend of many years, "with the engineers who have developed the world's mines than any other living man."

Learned societies and the universities had not been backward in appreciating Professor Christy's merits. Columbia University made him a Doctor of Science in 1902. He was a life member, and for a time secretary of the California Academy of Sciences. He was a member, and for a term vice-president of the American Institute of Mining Engineers. He bore similar relations to the Society for the Promotion of Engineering Education and the California Mines Association.

JUNIOR MOOSE WIN.

ALAMEDA, Dec. 1.—The junior Or- der of Moose, of this club, succeeded in defeating the Anderson Brothers' base- ball team in a close and exciting contest by the score of 4 to 3 at Lincoln park.

Anderson Brothers featured with four double plays, a long triple by Eddie Deed, and the Moose, in the eighth inning, started a batting rally which netted them two runs, bringing the score from 2 to 3 in favor of Andersons, to a 4 to 3 victory.

PATROLMAN BECOMES LAWYER.

BERKELEY, Dec. 1.—The first fruits of Chief Völmer's instruction of his men in various phases of the law, appeared today when Patrolman John D. Cosby received notice that he had been admitted to the bar. Cosby took the bar examination at a recent hearing. He has been a member of the police force since April, 1911, and recently has been acting as pawnbroker's clerk in the third detail. He is 28 years of age, and lives at 2318 Haste street. He has not yet decided when he will commence actual practice.

LADIES' RELIEF TO MEET.

ALAMEDA, Dec. 1.—The German ladies of society will meet Thursday afternoon at 2 o'clock at the Circle Hall on Grand street. The following will act as hostesses: Misses G. E. Kelly, George W. Hickman, E. Shaefer, A. Koerber and A. H. W. Koerber.

PROF. S. B. CHRISTY.

CRIME SHATTERS CO-ED ROMANCE

BERKELEY, Dec. 1.—Within a week after her engagement had been told the romance of Miss Ione Baldwin, a freshman in the University of California at Los Angeles, was shattered by the slaying at Los Angeles of the man she was to have married, George Rodolph, deputy fish and game warden of the State.

He was shot at Los Angeles by one of two duck hunters whose master he was searching for an excess of the game limit.

Tuesday evening at Santa Cruz, Miss Baldwin's engagement to Rodolph was broken, a telegram given at her home.

Both she and Rodolph were well known in the watering place and the announcement was received with much interest.

Rodolph was then in Los Angeles with the Volunteer fire department for several years in San Jose.

He retired from business 19 years ago and at once came to Alameda where he has been a resident ever since.

He married in 1887 and at one time was a member of the Order of Chosen Friends, as well as past grand master of San Jose camp of the order of Redmen.

Krumb was the father of the late Mrs. A. C. Lassen and the late Justice Edward A. Krumb and of Fred L. Krumb.

He was the grandfather of Miss Anita Nelson, Hazel and Wilhelmina Krumb.

He was also connected with the Volunteer fire department for several years in San Jose.

ANNUAL HOLIDAY SALE

ORIENTAL RUGS
DOMESTIC RUGS
CARPETS
FURNITURE

This sale differs from many of the "Reduction Sales" which make their periodic appeal to public patronage in that the merchandise offered is of unquestioned dependability backed by the guarantee of a house which has never deviated from a fixed policy of "Honest Merchandise Truthfully Exploited."

The magnitude of this sale may be judged from the fact that it embraces our regular Semi-Annual Sale of Carpets, Linoleum, Domestic Rugs and Furniture—as well as the only Special Sale of Oriental Rugs we have offered for over a year.

The assortments are stupendous in their scope.

The values are unparalleled.

Many articles suitable for Christmas Gifts are offered in all Departments, and if selected now will be held for delivery at Christmas time

SAN FRANCISCO

RICH MINER TELLS OF
NEW ALASKA DIGGINGS

SAN FRANCISCO. Dec. 1.—Bringing the story of new diggings, richer than any which have been discovered in Alaska since the first gold rush in 1897, W. L. Waters, for twenty-two years an Alaska miner and close friend of Clarence Darrow, Tom Albin, Henry Riley, Frank Mandley and George Mansfield, arrived here from Seattle yesterday.

Waters, according to his statement, has prospected in the northern Goldfields since 1888, when, with a party of six, he went

overland to Alaska from Helena, Mont., and staked the second claim on Jack Walde creek in 1892.

From that time on Waters has withstood the hardships of the northern territory and through persevering efforts has amassed a fortune amounting to more than \$2,000,000.

HOUSE NEW YEAR'S EVE

Members of the Oakland Young Men's Christian Association will act as hosts at an "open house" on New Year's eve.

when there will be a continuous program from 3 o'clock until 6. The nomination of officers of the association will be held December 10 and the election will follow on January 11. The last year has proved one of the most successful in the history of the organization.

WILD PARSNIPS KILL TWO.
ONEIL, Neb., Dec. 1.—As a result of eating wild parsnips found on the prairie near here, Catherine Conrad, aged 19, and Mary Slight, aged 9, died today, and Daniel Stegall and Emmett Slight, young boys, are in a precarious condition.

SALVAGE GUNBOAT.
PORT TOWNSEND, Wash., Dec. 1.—C. F. Stegger, a marine diver just returned from Alaska, is arranging to salvage a Russian gunboat which沉没于 sixty years ago off Cape Edgecombe, about twenty-five miles from Sitka.

ALTIJAS, Dec. 1.—As a result of the explosion of a large tank of gasoline, which occurred yesterday in several places of business buildings late yesterday afternoon. The loss is estimated at not less than \$100,000.

SANTA CRUZ, Dec. 1.—Elmer Beeson, a professional gambler, who recently began service of a six years' prison term for obtaining money under false pretenses, was brought here from Folsom yesterday yesterday.

Beeson, who is held here to answer the charge of the burning of the Hotel Ben Lomond last March, Beeson's partner, C. A. Cooper, paid the fine.

ALTIJAS, Dec. 1.—In a spectacular fire

featuring the explosion of a large tank of gasoline, which occurred yesterday in several places of business buildings late yesterday afternoon. The loss is estimated at not less than \$100,000.

GUNMEN FIGHT DUEL
ON BROOKLYN STREETS

NEW YORK, Dec. 1.—Two gunmen, leaders of rival gangs, fought a

revolver duel to the death on the street in the congested foreign quarter of Brooklyn tonight. The men met by chance and one accused the other of being a "squealer." Then guns were drawn. So deadly was the aim of the duelists that none of the seven shots fired went wild. One man received four bullets in his body and the other three.

Last Wednesday in this same precinct Frank deFonte, an Italian merchant, was killed by gangsters.

PURE FOOD DISCOVERS NEW PROCESS

It has long been considered by manufacturers of cereal products that a cereal beverage could not be made without molasses, glucose, fruit or artificial sweetening of some kind, but by an entirely new process a local factory is manufacturing a most delicious and wholesome beverage from pure, selected cereals, and no molasses, glucose, fruit or any kind of artificial sweetening, is used in its manufacture or contained in its composition. It is known as PERFECTION FOOD CEREAL, and although it resembles the infusion from the coffee bean in appearance, it contains no coffee, chloroform or adulteration of any sort. It cannot injure the most delicate system of either child or adult.

PERFECTION FOOD CEREAL is really a pure, delicious, wholesome food for health-seekers, served in the convenient form of a beverage.

It is very economical, for it is solid substance and very little is required to make a cup. A package, parchment lined and containing one pound three ounces, costs but 25 cents and makes 65 cups. If your grocer

does not supply you, communicate with the factory, Third and Dwight way, Berkeley, Cal., and you will be supplied. Perfection Food Cereal Co., Inc., Manufacturers.

Central Banks Leaders in State.

With the acquirement of the commercial business of the Union Savings Bank by the Central National Bank, and the transfer of its savings accounts to the Central Savings Bank, the two last named institutions conducted under one management and being practically one institution, although with different functions defined by law, Oakland can boast of the possession of one of the strongest financial concerns in all California, the total assets being approximately \$22,000,000, while the deposits will be approximately \$17,000,000.

The importance of this statement is apparent when it is stated that in San Francisco there are but seven banks having assets and deposits in excess of the sums mentioned. Three of these are strictly savings banks, the others are National banks, viz., the Bank of California, the Anglo, London and Paris, Wells-Fargo Nevada National, and the Crocker National. Los Angeles has but one financial institution with greater assets and deposits and no other city in the State approaches it.

Another feature in connection with the importance of the Central National and its ally lies in this fact. San Francisco is a reserve city bank and so is Los Angeles, while Oakland is not. All the great depositaries of those two places hold accounts for country banks and bankers all over California, these amount to millions and are counted in their deposits. This Oakland bank has deposits only from individuals, firms and corporations engaged in business in this city and vicinity, therefore they are of more importance in proportion to the amount, as the funds held in cities for country banks and bankers are for convenience sake only and do not represent the real volume of money engaged in local trade.

This merger, which has been approved by the State bank examiner in all its particulars, is one of the most important in the history of California and the West. It not only makes of the Central National and its ally one of the strongest institutions of the sort on the entire Pacific Coast, but it adds to the prestige of Oakland as a business center. Few indeed are the cities of this size that can boast of single institutions with \$22,000,000 in assets and \$17,000,000 in deposits. This condition is something of which every citizen of Oakland and of Alameda county for that matter should be proud.

Especially is this a fact when it is related that the Central Bank will undoubtedly retain practically every dollar's worth of business formerly enjoyed by the Union Savings, and that with the augmentation of its resources its hitherto large business is certain to increase. For this is the day of big business and the people of the country realize it and have confidence in the men who conduct it.

The Central National and Central Savings banks have acquired a splendid reputation in the past under the management of the able financiers who have conducted their affairs. They have the confidence of the investors and the depositors. With this great stride in advance that confidence is certain to increase, the result being that the business of the bank will grow and that in a very short time this great corporation will be at the head of the list, with the greatest of all California's banks.

THE TRIBUNE is pleased that the merger has resulted so happily to all concerned and in common with all well-wishers of Oakland hopes that the prosperity of this institution will be unmeasured, for in the prosperity of the banker is included the prosperity of the depositor, the investor and the business man, the three elements that go to making communities great.

Rev. Joseph Sibley of San Francisco says climate and automobiles are the most serious rivals of the California pulpit. We recall hearing an old-fashioned elder back east make the same remark about good sleighing and fast horses and cutters.

A Texas paper announces that a man named Souse is an active worker in the anti-saloon league and in another column tells how George Drinkwater was sent up for ten days for having one. There isn't much in a name after all.

Turks are marching on Egypt over the same route followed by Moses when he led the children of Israel out of bondage into the Land of Canaan. But they appear to be making better time.

"Reuter's" Associated Press Ally.

THE TRIBUNE is the only Oakland paper holding an Associated Press membership, the only paper in Oakland that can hold such privilege. As this paper has related many times and as the public well knows, the Associated Press is the greatest news gathering agency on earth. It covers every civilized country on the globe; its correspondents are everywhere. They may be found in remote places in South America, or in far-off Hindustan; they "cover" happenings in Newfoundland and in the islands of the seas; they are on the alert in Japan and in the West Indies.

The Associated Press is an ally of Reuter's agency, the great European news agency and works hand in hand with that concern. While the Associated Press has its writers and reporters in all of the countries across the Atlantic, it depends to some extent for information on this superb aggregation of news gatherers that covers continental Europe from North Cape to the Mediterranean and even farther south.

As the Associated Press is ubiquitous in its chosen fields, so also is Reuter's in its chosen field. Reuter's has hundreds of alert young men in all the lands over the water and is agus-eyed in its work. Although the warring nations have precluded, so far as possible, the correspondents, those of Reuter's are so many that it is an impossibility to keep them from gleanings the facts, and while censors may exercise vigilance, Reuter's is ever on the alert to send out every scrap of information of value to readers.

Reuter's was founded in 1851 by Julius Reuter, a resident of Aix-la-Chapelle. He settled there in 1849 and began sending out information to many of the chief towns of the continent by letter and later by telegraph when that instrument became common. He was vigilant and associated with him men equally vigilant. Finally he settled in London. For a time the newspapers fought shy of him, but he persevered and achieved his end. First he confined himself to market reports and items of commercial interest, but in 1858 when Napoleon III made an especially important speech at a New Year's reception, Reuter got hold of it in advance and sent it to all the leading journals in Europe. That established his fame. The London Times and other great papers printed it the morning following and it created a sensation. From that time forward Reuter had his hands full.

He added to his organization and in a short time was enabled to cover all the principal capitals and great cities. He engaged keen men to do the work and made a point of being accurate. He died at Nice in 1899 after having been created knight by the Duke of Saxe-Coburg-Gotha, but left behind him a splendidly equipped working force, and a management that has continued the work, ever enlarging and adding to the manifold resources.

It is through the alliance of the Associated Press and Reuter's in the securing of news from the battlefields across the water that papers holding an Associated Press membership are enabled to present their readers with news from the battle zones. These reports are not complete, of course, because every nation is engaged in suppressing news that might be of information to the enemy, but they are the most complete and accurate going, and it is worthy of note that the Associated Press and its great European ally are recognized in every land on the other side of the seas as the most reliable and accurate disseminators of information in existence.

THE TRIBUNE is glad to be able to supply its thousands of readers with such reliable information and is glad it occupies the unique position of being the only paper in this city able so to do. Other papers have tried to secure this information but have failed. THE TRIBUNE is supreme in its field and as the best evening paper published west of Chicago enjoys an enviable distinction.

WONDER WHAT'S DETAINING JOHN!

—BY THE OAKLAND TRIBUNE CARTOONIST.

Regulation of Autos Demanded.

In the face of a necessity for regulations for automobiles in Oakland, such necessity having been emphasized by numerous deaths and countless accidents, it is somewhat surprising to note that two members of the City Council oppose plans looking to the adoption of rules that will prohibit machines from passing street cars discharging passengers and compelling drivers to observe laws for the protection of pedestrians.

Oakland is the only city on the coast, the only city in the entire country, where automobiles are permitted to run as the drivers please and it is high time a change was made. The people demand it, and the fact that councilmen own machines will not stop that demand. The proportion of automobile owners to pedestrians is about one in ten and if the council does not heed the demand for an ordinance giving these pedestrians the protection to which they are entitled, the latter will initiate and adopt an ordinance, and it will not be mild in its terms, either, for the patience of the public is exhausted so far as this question is concerned, and the council might as well be reminded right now that no more dilatory tactics will be tolerated.

This city is provincial to a degree with respect to regulations for automobiles, and as a result there is a disregard for human safety that is not tolerated in Watsonville, Gilroy, Salinas, Porterville or Milpitas, where ordinances are rigid and are energetically enforced, and the towns mentioned have no street railways, either.

Only twenty-four more days until Christmas. Shop early.

If this weather keeps up the folks back east will start a buy-a-cause-of-ice movement.

"After Villa Who?" inquires an exchange. Oh, some one else.

English censorship is so rigid that New York's "Four Hundred" does not know when to turn up its trousers or leave them down.

Twenty Years Ago Today

Police Officer Frank Josephs will resign from the department on the first of the year. He is going to open a law office in this city, as he has been admitted to practice by the Supreme Court.

Town Trustee Whiting of Berkeley went hunting yesterday. Within thirty minutes he was before Judge Penwell in the attitude of a prisoner. The cause of his arrest was town ordinance 4, which prohibits the discharge of firearms on enclosed property unless the consent of the owner has been obtained. Whiting made his doubts and offered to bet the considerable 25 cents that the ordinance under which his arrest was made did not exist. The constable promptly covered the bet and took his prisoner to the Town Hall, where the existence of the statute was proved. The judge released Whiting on his own recognizance.

There is a great deal of satisfaction over the announcement that another court of Ancient Order of Foresters of America will be instituted in this city. The new court will endeavor to avoid the mistakes made by the court which has ceased to exist.

Grand Master Simpson paid a call to Oakland Lodge, No. 118, Independent Order of Odd Fellows. Speeches were made by P. G. Norther and Messrs. Knowles and Boland.

Articles of incorporation of the Advent Christians Conference of Northern California were filed with the County Clerk. The directors are D. T. Walker, T. H. Lawson of Santa Clara, C. C. Morse of Santa Clara, J. Switzer of Sonoma and H. F. Carpenter of Santa Clara.

Andrew Stone gave a dinner to twenty young people at the San Leandro clubhouse. The party was chaperoned by Mr. and Mrs. George McNeal.

The engagement of Miss Jule Conner to R. H. Bennett of Alameda is announced.

Dr. A. Reed Cushion

SHOE
I. P. Galt's Shoe Co., Inc., Chicago

Other shoes won't do that—but Dr. A. Reed Shoes have a special insole—a soft fibre cushion that is kill-proof and damp-proof. Moisture simply can't come up through the sole.

And you'll enjoy walking whatever the weather is, for the cushion insole spreads your weight so evenly over your foot that it's just like "walking on air."

No other shoes are half so comfortable—half so restful to your feet. And if you'll give us a chance today—tomorrow

—anytime, we'll show you how to do away not only with rubbers, but with tired, aching, burning feet as well.

NUMBER OF DRUG USERS OVERRATED

Public Health Service Reports on Percentage of Narcotic Addicts.

WASHINGTON, Dec. 1.—That the number of persons in the United States addicted to the habitual use of drugs is not nearly so large as had been supposed, is the conclusion of the public health service in a report today. It had been estimated that between one and two per cent of the population were drug habitues. Declaring that while this estimate is undoubtedly too high, the report says that the figures show the existence of all too many habitual users of narcotic drugs. The belief is expressed also that the evils due to the improper use of such drugs have been greatly exaggerated.

BASIS OF FIGURES.

The conclusions are based on data furnished by the Tennessee authorities which, the report states, shows that during

ing the first six months of the operation of the state anti-narcotic law, 1403 permits were issued to persons allowing them to purchase narcotic drugs and also on figures giving the approximate number of average doses of habit forming drugs imported into the United States in 1911 and 1912 being respectively 3,040,900,000 and 2,303,700,000. On the basis of the figures for the years named the report says it would appear that basing an estimate on the average consumption of the drug habitus in Tennessee each addict would consume approximately 1000 doses each month or 12,000 doses a year.

70,000 HABITUS.

"The State of Tennessee," the report states, "contains approximately two per cent of the total population of the United States and on the supposition that the same ratio of the number of addicts and the amount of material consumed will hold good throughout the United States we would have a total of something more than 70,000 drug habitues, consuming approximately 350,600,000 average doses per year. This quantity probably is somewhat low, but it is fair to assume that not more than double this amount, or approximately 1,700,000 average doses are consumed annually by drug habitues."

FLY SWATTERS HIT DISEASE IN GOTHAM

JACKSONVILLE, Fla., Dec. 1.—Report to the American Public Health Association here today some of the returns of last summer's anti-fly campaign in New York City. Philip S. Platt, superintendent of the bureau of public health and hygiene of the New York Association, in reporting the condition of the poor, declared that vigorous protection against the fly had been proved a factor in reducing sickness among New York's tenement babies.

The general cleanup of a neighborhood, accompanied by a reduction in the number of flies, he said, resulted in one-third as much communicable disease as occurred in a dirty, insanitary, ill-prevalent district. But to determine how great a factor was the fly alone in communicating disease, an intensive campaign was carried out in 1200 tenement houses. Twelve nurses and three supervisors visited each home every five days. Every effort was made to protect the infants from flies. Over 100,000 yards of netting were distributed free of cost, and fly killing was also undertaken systematically. The results were definitely indicative of less sickness, but general cleanliness seemed to be more important than simply protecting the infant from flies.

Over three times as much diarrhea occurred in the poorly protected, dirty homes, as in the well protected, clean ones, he found.

UNDERTAKERS HIT BY TAX.

The new emergency war tax has now extended itself to the undertakers. Notice was received by the Oakland funeral directors yesterday of the government's order that a one-cent stamp must be affixed to every certificate used in connection with transportation of corpses. This tax applied to any permit for shipping a body or for burial according to the revenue officers. The regular internal revenue war stamp will be used.

GIFTS TO GO BY POST.

WASHINGTON, Dec. 1.—Reumption of the postal post service between the United States and Germany and Australia-Tanganyika was announced by Postmaster General Burleson last night. The lifting at this time of the prohibition against acceptance of parcels for these countries caused by the lack of means of transportation resulting from the war will make possible the sending of thousands of Christmas remembrances to Europe which would otherwise have been impossible.

NEVADA SOCIETY TO MEET.

The regular monthly meeting of the Nevada Society of California will be held on Thursday evening, December 3, at 8 o'clock, in the directors' room, Exposition building, Pine and Battery streets, San Francisco. As plans are now being formulated for the activities of the society during the exposition period it is urged that all Nevadans who have not already become members should endeavor to attend the above meeting in order to become affiliated with the society.

(Toilet Tips)

A safe, certain method for ridding the skin of ugly, hairy growths is as follows. Mix a paste with some powdered delatone and water, apply to hairy surface about 2 minutes, then rub off, wash the skin and the hairs are gone. This is entirely harmless, and seldom requires re-peeling, but to avoid disappointment it is advisable to see that you get genuine delatone.—Adv.

REALISTIC FILM AT THE BROADWAY

"Once in every woman's life she pauses before life's shop window and picks out her 'toy' forms the keynote of the sensational problem play, 'Life's Shop Window,' taken from the book of the same name by Victoria Gross, which is the present in a separate film version at the Broadway Theater tomorrow. For weeks eastern censors have discussed this photo drama, some claiming that it was too daringly realistic and too passionate for presentation, while others claim it teaches a great moral lesson.

The problem of 'Life's Shop Window' is whether a neglected wife, denied the love and affection her nature demands at home, should leave husband and baby for the arms of a passionate lover. In the solving of this problem the intimate inner life of a woman is laid bare by the author's scalpel. It was this daring revelation of married life and woman's love which caused the book first and then the play to create such a sensation. And the play is said to surpass both in daringness of treatment, though handling woman's temptations with the utmost delicacy.

"Life's Shop Window" will be shown for four days only.

NATIONAL REFORM ASSN. HOLDS PEACE MEETING

PITTSBURG, Dec. 1.—Urging the recognition of Jesus Christ as the Prince of Peace by all governments and announcing the beginning of a campaign for worldwide peace, the National Reform Association opened its sixty-first annual convention here last night. The first session took the form of a peace meeting. Rev. Dr. S. B. McCormick, chancellor of the University of Pittsburgh, presided and addresses were made by Rev. Henry C. Minot of Trenton, N. J., president of the association; Dr. S. MacFarland of New York and Dr. T. H. C. Acheson.

The principles which should govern universal peace, the association's peace committee believes to be briefly as follows:

Nations are the creatures of God and are accountable to Him; the authority of civil rulers is delegated by God through the people; the moral law is the standard of conduct for all nations, rulers and individuals.

Dr. Minton in his address on "Peace" said that a boycott of nations who engage in war and a return of individuals to the teachings of the Bible were the most effective weapons against warfare.

Dr. MacFarland declared the United States should take warning from Europe and should disown suspicious and unfriendly nations by justice and fair dealing instead of by force of arms.

FIND VAUPEL AND WIFE MET ACCIDENTAL DEATH

CENTERVILLE, Dec. 1.—A verdict of accidental death was returned by coroner's jury which yesterday investigated the death of Clarence E. Vaupele and his wife who were found pinned under the automobile one mile east of Alturas on the night of November 22. The jury held that the Vaupeles turned off the road in a fog, struck a ditch and were thrown down with their auto overturned.

The jury discounted a theory that the Vaupeles had been robbed after the accident, pointing to the fact that Mrs. Vaupele's jewelry was not taken as significant. That the Vaupeles had less money when found than when they started, is explained, according to the jury, by the assertion that a new tire was purchased near San Jose.

TO SEE RELIEF SHIP.

SAN FRANCISCO, Dec. 1.—Gala ceremonies will mark the sailing of the *Camino* with its precious freight of food for the hungry and homeless of Belgium. The committee having in charge collection of the fund will arrange an appropriate program of farewell observances. Subscribers to the fund and the general public will be invited to pier 36, from which the *Camino* will put out probably on Thursday or Friday of this week. The work of loading is now proceeding rapidly.

CORN DOCTOR'S WIFE SUES HIM

Cruelty and Abrupt Departure
Alleged as Reasons of
Divorce.

Dr. Wenzel Riedl, a chiro-practitioner, with offices at 2327 Telegraph avenue, was today made defendant in a suit for divorce brought by his wife, the former Olive A. Durfee of this city, who charges him with cruelty. The couple were married here in November, 1912. There are no children.

Mrs. Riedl alleges that on numerous occasions her husband beat her with his clenched fists and struck her with a belt across the shoulders. Besides this she says he called her names.

Several weeks ago Dr. Riedl suddenly packed up his belongings and taking the family purse left his wife in charge of his practice and equipment and went away. Mrs. Riedl asks the court to restore to her her maiden name.

Bertha Muller Clow, in a suit for divorce against John N. Clow, alleges that her husband told her that he was sick and tired of living in a "penitentiary" because he could not go out and spend his money with the boys who had been before his marriage, which took place in Oakland in September, 1911.

Anita Carter wants a divorce from Arthur M. Carter, alleging that he treated her cruelly while they were living in Sonora, Mexico, and in various mining camps in Nevada.

Other suits filed are between Agripina Marlinger and William Marlinger, alleged desertion, and Edna A. Hays against Arthur G. Hays, alleged desertion.

NEYLAN MAY SUCCEED ESHLEMAN ON BOARD

SACRAMENTO, Dec. 1.—The selection of a successor to President John M. Eshleman of the State Railroad Commission from thirty applicants for the \$8,000 berth will be decided at a meeting between Governor Johnson and Eshleman next week, it was learned here yesterday.

Governor Johnson announced recently that he would be governed largely in making the appointment by Eshleman. Among those most seriously considered is John F. Neylan, chairman of the Board of Control. Governor Johnson's announcement that Eshleman's choice probably would be named has resulted in the executive successfully dodging the pressure brought to bear on him by each of the thirty applicants for the plum.

The new commissioner's term of office begins January 1, when Eshleman qualifies as Lieutenant-Governor, and continues for six years.

MRS. LLOYD OSBOURNE GETS FINAL DECREE

SAN FRANCISCO, Dec. 1.—Mrs. Katherine D. Osbourne was granted a final decree in divorce yesterday by Superior Judge Morgan from Lloyd Osbourne, short story writer and collaborator of Robert Louis Stevenson, who was his stepfather. She received an interlocutory decree November 25, 1913, on the ground of desertion. Up to two weeks ago Mrs. Osbourne lived in the Stevenson house at Lombard and Hyde streets and then left for New York, declaring she would never return.

LOWER RE-DISCOUNT.

CLEVELAND, Dec. 1.—Officials of

the Cleveland federal reserve bank

today announced that the re-discount

rate on thirty-day paper had been

lowered from 6 per cent to 5½ per

cent. On all paper covering a period

greater than thirty days the re-dis-

count rate will remain at 6 per cent.

REFORMER OSBORN NOW WARDEN OF SING SING

OSSINING, N. Y., Dec. 1.—Thomas

Mott Osborn motored down from Au-

burn yesterday and assumed charge of

Sing Sing prison. His first act after his

arrival was to announce the appoint-

ment of Charles H. Johnson, Harvard

graduate and leading social worker, to

the position of confidential clerk—prac-

tically deputy warden.

The fire, which was started in the

closet of a rear bedroom, was discovered by

neighbors. It had gained great headway

before the fire department arrived. Lieu-

tenant Curtis of the northern station, who

went to the fire, found some piles of news-

papers inside the house and reported the

matter to the central station.

FIND WOMAN IN HOSPITAL

Mrs. Margaret Sullivan, 1715 Frank-

lin street, 65 years of age, who strayed

from her home Sunday night, was

found in the Emergency hospital last

night, where she was being treated

for exposure and fatigue. Mrs. Sul-

livan, mother of Charles Volk, athletic

trainee at the University of California,

was found wandering at Marin and San

Pablo avenues and taken to the hospital

and on his return found his effects

littered over the floor.

A search

quickly showed that besides the check

the only thing taken was his railroad

ticket home. Sullivan has been on a

trip to Los Angeles and was en route

back, stopping here to view the fair.

The check was drawn on the Bank of

Italy and the police this morning ord-

ered payment on it stopped.

WESLEY BROS. WASHINGTON MARKET

DON'T MISS THE
TRIBUNE THEATER
PARTY TOMORROW

Famous Salisbury Fish and Game Pictures Will Be Shown Free at the Macdonough

TOMORROW is the day on which the boys and girls of Oakland will be guests of THE TRIBUNE at the MACDONOUGH THEATER.

No better entertainment than SALISBURY'S FISH and GAME PICTURES has ever been offered to the young. Ten years were required, as has before been noted, to obtain these films, and men camped for weeks in blinds of the northern marshes or tracked with hunting expeditions through wilderness of remote regions.

No phase of natural history of the Pacific Coast, and especially of California, is neglected in this panorama of wild creatures in their native haunts. Wildcats, pumas, old father coyote (as the aborigines named him in legends), mountain eagles and vultures, deer and bear, have been photographed with minute detail and painstaking attention to their habits and environment.

Hunters tagging beasts of prey; untamable creatures of field or forest; foraging for their young; thousands of wild birds nesting or nesting, are among the wonders thus depicted.

Exciting incidents of the chase, such as few persons in the world have seen, are made familiar. Trout are hatched from the egg to the speckled gamester, and then taken on the angler's rod. An eagle's aerie is snapped from a vantage point high up in a tree, the mother bird fighting savagely against the men who ventured too near her nest and young, and from a cliff one peers into the hiding place of a vulture and sees two young vultures in a weird battle.

These are only a few of the features in the series, which will be shown in 7000 feet of film.

Anybody may attend the matinee at the Macdonough theater at 3:30 O'CLOCK TOMORROW, but only BOYS AND GIRLS UNDER 15 YEARS OF AGE may attend as guests of THE TRIBUNE. Parents who wish to accompany their sons or daughters may purchase tickets at the box office of the theater.

But eligible boys and girls may enter the auditorium with no other ticket than the coupon, clipped from THE TRIBUNE.

UNE.

Tailors on Strike;
Reductions Are Cause

NEW YORK, Dec. 1.—A novel strike in which employers forced the issue began here today with the result that 10,000 tailors are idle and 250 shops controlled by the children's contractors' association, composed of tailors who contract for making up garments for manufacturers, are closed.

The closing order was declared to force the manufacturers to withdraw a reduction in prices which they put into effect some days ago for the making up of the garments, and is therefore virtually a strike.

A statement by the association says that in the present condition of the trade it would be out of the question to accept the reduction, especially as the contractors have already increased the wages of their tailors, who are now idle.

Girls as Theater
Ushers Are Barred

CHICAGO, Dec. 1.—Girl ushers in theaters are declared to be a failure by the municipal bureau of fire prevention. An ordinance requiring all theaters to employ men ushers was sent to the council last night at the instance of John C. McConnell, chief of the bureau.

"Girl ushers are not equal to men in times of emergency such as fires and panics," said McDonnell. A number of Chicago theaters have employed girls as ushers for several years.

Van Dyke's Visit Not
in Cause of Peace

WASHINGTON, Dec. 1.—President Wilson said today that as far as he knew Henry Van Dyke, minister to the Netherlands, who will call at the White House tomorrow, does not bring any peace message from the Queen of Holland. He added that he did not think Minister Van Dyke's visit had any special significance.

WILLIAMSON

OAKLAND TRIBUNE'S PAGE for WOMEN at Home

Divorcee to Go on the Stage

Former Wife of General Canon Will Enter Vaudeville

SACRAMENTO, Dec. 1.—Mrs. Frank F. Canon, former wife of Assistant Adjutant General Canon, from whom she secured a divorce at a sensational court trial last summer, is to become a vaudeville actress. She is about to close negotiations with the Marcus Loew Circuit, and will make her initial appearance in Sacramento.

Mrs. Canon will appear as Anne Boyd on the stage and will be seen in a singing act for which four exclusive songs have been written by Henry White and Harry Olsen, local composers, who are now in New York in the interest of a comic opera which they have produced. There will be just enough dancing steps to the part to lend grace and harmony to the act.

The separation from her husband—an interlocutory decree of divorce having been granted her last August—caused Mrs. Canon to decide upon the stage as the medium for earning a livelihood. This was a natural decision for her to make, as she had appeared in vaudeville around the bay in independent bookings before she was married. She has been seen several times in local theatrical efforts, having participated in benefit shows for the Elks and the Native Sons about two years ago.

"The work will not be entirely new to me and I think I shall like it," said Mrs. Canon. "I had some experience in the bay cities before I was married. I think I shall prefer vaudeville to standing behind a counter or doing domestic work, which I otherwise would have to take up in order to make a living for myself."

MRS. GOULD WINNER OF POINT IN BIG TRIAL

NEW YORK, Dec. 1.—Katherine C. Gould, wife of Howard Gould, yesterday won a point in defense of the action which George J. Gould has filed in the Supreme Court against his brother, Howard Gould. Justice Newburger granted her application for a trial of the case of jury. George Gould is suing Howard Gould and his wife to foreclose a tax lien on Howard Gould's Fifth Avenue property. The lien is for unpaid taxes of \$60,000, and the former husband followed Howard Gould's suit to pay \$150 interest on the lien. Katherine C. Gould has entered into a conspiracy to impede her downer interest in the real property.

WOMAN RECEIVES RICH GIANTS FROM LOTHARIO

SAN FRANCISCO, Dec. 1.—Placing her trust in the story of Charles W. Fox, that he was a widower, that he received a remittance of \$250 monthly from John D. Rockefeller, that he had a private secretary and would set up a luxurious home for her, Miss Elizabeth Hahn of 34 Geary street told Superior Judge Morgan yesterday that she had promised to marry Fox. The revelation in regard to the engagement and its subsequent shattering came out at a hearing into the failure of Fox, who is 65 years old, to pay back alimony to his wife, May H. Fox. Fox is an oil land expert.

What Miss Hahn did not know about Fox when she plighted her troth, she found out yesterday during the examination of several of the friends of Fox. She admitted receiving as pre-nuptial gifts a \$40 hat, \$20 silk waist and other bits of wearing apparel. She thought the money came from the \$250 remittance from the oil king.

Leah B. McMurry, a well-known oil man, was put on the stand and stated that he gave Fox \$100 every month.

"What do you give him that money for?" asked Judge Morgan.

"Well, he taught me all I know about the oil business and I want to show my gratitude."

Asked by the court whether he would continue to pay the \$100, now that he knew that at least some of it was used to buy dresses and hats and boots and lingerie for girls, McMurry replied he thought he would if his partner did not object.

Fox's benefactor said he could hardly believe Fox had been so much of a gay things destined to, as he was too old.

"They're never too old," observed McMurry.

Fox refused to promise to pay \$25 a month to his wife if the McMurry payments were continued, and Judge Morgan postponed action for two weeks.

NEVADA GIRL SUES RICK MINING MAN

SAN FRANCISCO, Dec. 1.—Ella Coburn of Lovelton, Nev., temporarily living in this city, began suit yesterday for \$35,000 for breach of promise against J. C. Breckinridge, mining man, formerly of the Nevada town and now residing in this city. Miss Coburn claims their troth was plighted in August, 1907. In October of this year, she awoke, through no fault of hers, the engagement was broken.

The disappointed young woman sets forth that she gave her fiance \$3000 to buy a bungalow for them to occupy, advanced \$100 to free him from a charge made by Mrs. Dixie Lee Flick, and in other ways showed her love and affection. She declares that the "best and brightest years of life" were devoted to him.

DOES YOUR HAIR SHOW YOUR AGE?

Of course, white hair and gray always suggest age, but often faded, dull and brittle locks make us think even young people are old, while a lustrous, heavy head of hair is naturally associated with youthfulness and forces us to credit its owner with being young. Perfectly healthy hair is always beautiful and is very easily acquired. Proper care is given to the hair and scalp. In washing the hair it is not necessary to use a makeshift, but always use a preparation made for shampooing only. You can enjoy the best that is known for about three cents a shampoo by getting a package of camphor from your druggist; dissolve a teaspoonful in a cup of hot water and your shampoo is ready. After it is used the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so shiny that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.—Add.

At a recent meeting of the National California Club at the Waldorf-Astoria in New York, Mr. and Mrs. Henry Taylor were among the guests. The club is in the east and meets at the Waldorf one month. The meetings are interesting affairs, where old friendships are renewed and where visiting Californians are always given a cordial welcome. Charles Kelder, formerly of Berkeley, recited some

poetry.

CHIEF PETERSEN ANSWERS CRITICS

Mayor Is Also Speaker at the Annual Police Inspection.

(Continued From Page 13)

every one of you, from the youngest to the oldest, and I will continue to believe so until the proofs come from such a source that will give me good reason to change my mind concerning you. Do you make mistakes? sometimes take a step too much, fail to report at the proper times, neglect your duty?" Of course you do, being human beings and prone to error, but how often has that happened during the year? Probably not a dozen of you have been placed on the carpet for violations of the rules and regulations, and those violations of not very serious character. Take 200 men in any avocation of life, and during a year compare their records with your own, and then feel proud at the comparison, because there is no line of duty that has so many trials and so much temptation as your own, and the wonder is not that you have made so many mistakes, but that you have made so few.

"Now, my friends, we must never be satisfied with past records, we must continue to advance, we must use our efforts to make Oakland a better city and continue to deserve the honest commendation of Oakland's best and most progressive citizens. During the coming year we will have the eyes of the country upon us and the many visitors for other parts that are here to view the exposition will pass judgment upon you and the fair fame of our city will be raised or lowered by your conduct. First of all, cultivate patience, that honest virtue that is so necessary for a good policeman, always remembering that when you are right you can afford to keep your temper and when you are wrong you cannot afford to loose it.

TO PREVENT CRIME.

"Remember also that a policeman's best duty is carried out in preventing crime and the causes that lead to crime rather than making arrests after the crime is committed. Here in the presence of your superiors in office I tell you that no one has the authority to advise you to wink at crime—to overlook any motive that duty you have sworn to perform. You are to watch saloons and cafes and see that those who have no business there are not permitted to go there, and no matter what your personal opinion or your friends' may be, you must report every violation of law to your commanding officers. You are to watch suspected gambling places of every character and make arrests whenever you can report when the job is too big for you and by steady pressure keep down the gambling business of the day as far as your ability lies. You will also see that the streets are kept clear from street walkers and that rowdies, vagrants and other bad characters do not impair the safety of our streets for women and children. There are no strings on you, my friends, enforce the law to the letter, be attentive to your duties and prove to the world that Oakland is a city of beauty, a city of safety, a city that is not graft-ridden and a city whose police department is clean and beyond and above reproach.

"Thus you will enjoy the confidence of your superiors in office, the belief of our citizens in your efficiency and integrity and you will be able to sleep with a good conscience and look the whole world in the face without apology or without shame."

DISPUTE FOR DEAD SOLDIER IS ENDED

U. S. Refuses, Autopsy Held, and Remains Are Incinerated.

Accompanied by an official certificate from the coroner's office of Marin county, setting forth that the cause of death was "severe hemorrhage and fractured skull," the body of Edward Thomas H. Hyatt, killed Thanksgiving day at Fort McDowell by an Alcatraz "trusty," and over the body of whom a three-cornered flag was flying, was returned to the United States army and the Marin authorities was returned to Oakland this afternoon for cremation.

The body had been removed to Oakland by the U. S. Post mortem health authority, and the local health department refused to permit burial until a certificate setting forth the cause of death, according to law was presented. The army authorities denied that the Marin county coroner's office had jurisdiction.

The funeral was held yesterday and the body shipped afterward to San Rafael where this morning an autopsy was held.

The body was then returned to the Albert Brooks mortuary, 1111 1/2 1/2 of this city and incinerated at 4 o'clock this afternoon at the Oakland crematory.

The dispute brought up several legal questions. At the time of the man's death the military authorities holding that the fort is a government reservation, held their own investigation, found that the man came to his death "through homicide" and turned the remains over to Hart, Jr., Marin, former homesteader of immigration and a cousin of the dead man.

The funeral was conducted by Rev. Edward Ecclesion in Oakland. Yesterday the coroner's office said that no inquest must take place until an inquest was held in San Rafael. The local health authorities supported the contention of the Marin coroner, F. W. Sawyer, and the two contentions to the Army Affairs, relative to the cause of death.

Hyatt was killed at Fort McDowell in a fight with Joseph Marshall, a negro "trusty" from Alcatraz Island.

**SENATOR-ELECT PHELAN
HONORED AT BANQUET**

SAN FRANCISCO, Dec. 1.—Democratic friends of James D. Phelan, many of them coming from distant counties, gathered in the big banquet room of the Palace Hotel last night to congratulate the cheer the United States Senator-elect.

The following telegram from President Wilson, addressed to Frank H. Gould was read.

"I wish most sincerely that I could be present to join your hearty congratulations. I think that it has cheered friends of progressive government all over the country that he should have been chosen to represent California in the United States Senate. You can be proud to have won the election. The banquet my most cordial congratulations for a delightful evening and my sincere congratulations upon the selection the State has made."

MANY TELEGRAMS.

Other congratulatory messages were received from Secretary of the Treasury McAdoo, Secretary of the Interior Lane, Senator Ashurst of Arizona and Senator Pittman of Nevada.

Superior Judge Peter J. Shields of Sacramento, who was the toastmaster at the banquet, there were nearly 300 people at the table. After the dinner Judge Shields introduced George S. Patton of Los Angeles, who replied to the toast: "California Democracy; a Retrospect and a Prospect."

Conressman Baker, the next speaker, said that the first consideration of every patriot should be the nation's honor.

R. M. Fitzgerald of Oakland said that peace with Japan is the greatest blessing a nation can have for the people.

WILSON IN MOVIES.

Back of the speakers' table moving pictures were shown of President Wilson and his family on the White House grounds and James D. Phelan speaking to a crowd in San Francisco.

It was late when Senator-elect Phelan was called up. He was generously cheered. The new Senator promised that next to the nation the welfare of his native State would always be in his mind during his six years in Washington.

Phelan predicted a great future for California, saying that in 1916 the State would be so prosperous that the electoral vote would be given almost unanimously to Woodrow Wilson for a second term in Washington.

**WILSON'S LETTER TO
GARDENER MADE PUBLIC**

WASHINGTON, Dec. 1.—President Wilson's letter to Representative Gardner on the latter's resolution for Congressional investigation of the military preparedness of the United States, was made public today. The president wrote:

"You may be sure that I don't have any attitude or indifference to the great subjects which you broach, but I should like very much to have a conference with you before the resolution you have in mind is offered, in order to present my views to you more fully than is possible in a letter."

Gardner was a White House caller to-day, but did not see Wilson and will call later. He made his visit the occasion to issue a formal statement, however, saying he heard the president intended to "lay the cold hand of death" on the whole movement if he can."

**MOTORCYCLIST FAILS TO
INQUIRE AFTER INJURED**

Lawrence Cooke, a school boy living with his parents at 115 Fifteenth street, was struck by a speeding motorcycle at Fourteenth and Harrison street at 7 o'clock last night, and knocked to the pavement. The motorcycle did not stop to ascertain the extent to which he had injured his victim. The boy was picked up and taken to his home, where it was found that he had sustained minor bruises only.

A taxicab driven by Chauffeur Harry Winters collided with a street car at Thirteenth and Broadway, at 11 o'clock last night. The door of the taxicab was broken away and the front of the car was damaged. Winters escaped with minor injury. The motorman of the car was A. S. Freitas.

**FAMOUS BAND TO PLAY
AT U. P. E. C. CONCERT**

Mario de Camara's concert band of 50 pieces will play at the Oakland Orpheum this evening, the occasion being the annual theater party of the Unitas Portuaria de Espana, California. This is the third time in which this band has performed in the theater of the 27th street theater.

Since his last appearance, de Camara has joined the American Federation of Musicians, and has engaged Professor Alvaro, one of the noted trombone players of the country. Tom and Art Alessio will do solo work, accompanied by the big band, which is composed mostly of Alameda county musicians.

**E. T. EARL SUING TO
COLLECT \$30,000 NOTE**

Charles Norenmann, assignee of E. T. Earl, a millionaire publisher of Los Angeles, has commenced in the superior court suit to recover \$30,000 and interests represented in a note given for money loaned by Earl to Lou H. Sieber and Gertrude Sieber and other persons interested in the Brooklyn Lands Company of this county.

"A PUT UP JOB," SAYS AUTO MAN

J. W. Eisenhuth, Arrested on a Swindling Charge, Denies All Accusations.

SAN FRANCISCO, Dec. 1.—J. W. Eisenhuth, who is in prison on charges of having taken Mrs. Eliza W. Ostrander of Berkeley into an investment of \$9250, for which she now is sorry, informed him self against many accusations today by the statement that he did not deceive her with promises which he can not make good.

After he was arrested last night in Palo Alto on the warrant issued by Palo Alto Judge Crist, Eisenhuth had a conference with George E. Parkinson, president of the Bank of Palo Alto, who simply advised him to "keep quiet."

"This arrest is a put up job," declared Eisenhuth. His bail was fixed at \$10,000 cash or \$20,000 bonds.

At the time Eisenhuth did business with Mrs. Ostrander he was living at the Palace Hotel.

Her son, Frank S. Ostrander, a building contractor, with offices at 512 Market street, investigated our proposition before his mother invested her money," said Eisenhuth. "He found everything all right then."

Eisenhuth says his company, in which the money was invested by Mrs. Ostrander, is building an automobile plant at Palo Alto, and that the dividends he promised will be forthcoming in good time.

**Morals Board Fought
by "Bathhouse John"**

CHICAGO, Dec. 1.—A morals committee of six members who will inquire into immorality in Chicago and report to the city officers, relative to the contentions to the inquest as a compromise.

Hyatt was killed at Fort McDowell in a fight with Joseph Marshall, a negro "trusty" from Alcatraz Island.

**ACCUSATION OF "A" ST. BRIDGE
ACROSS SAN LORENZO CREEK**

Written reports were received from the County Surveyor stating that T. B. Russell had completed his contract for the construction of a combination bridge across the creek.

Hyatt was now entitled to a payment of \$732.12. On motion of Supervisor Murphy, said work was accepted.

COLLAGE OF STREET BRIDGE.

A written report was received from Lee Denner, tender of the High street bridge, stating that on Sunday, November 12, the two Ansons, belonging to the Denner family, were driving with barge in tow, collided with the High street bridge, damaging one of the sidewalk braces. The matter was referred to the Bridge Committee.

**APPLICANCE FOR USE
OF HIGH STREET BRIDGE.**

A written report was received from Lee Denner, tender of the High street bridge, stating that on Sunday, November 12, the two Ansons, belonging to the Denner family, were driving with barge in tow, collided with the High street bridge, damaging one of the sidewalk braces. WHEELMEN'S CLUB
SENDS 20 LADS
THROUGH ROPESBoxers Travel Thirty Rounds
This Evening at
Piedmont.(By THE TIMEKEEPER)
The switch of padded gloves and the switch from the water front will be made again tonight when the Wheelmen's Athletic club gathers for its semi-monthly boxing show in Piedmont Pavilion. Twenty husky young boxers will step into the ring box, shrug their shoulders on the canvas, try to rope and then drop into the ring for a few seconds of suspense and the handsome silver medals which the club has offered in conformity to the new boxing law.

Hop Star, a Chinese prodigy, is matched with Bert Conde, a gangly youngster who is the picture bout of the evening while there are nine other bouts between lightweight, heavies, bantams and middleweights. Frankie Edwards has matched the boys and women for their condition. The bouts are all three rounds, ensuring plenty of action.

Charley Miller and Willie Mehan have signed for the main event of next Friday night's four-round show. Other boxers are: Noddy, Noddy, Noddy, Noddy, the special event, Soldier Woods and Willie Purcell will constitute another special. Other bouts are: Kid Romeo vs Eddie Morgan, Arthur Carroll vs Joe Ferro, Jack Hempel vs Battling Johnson, George Brand vs Joe Gladd and Walter McDevitt vs Eddie Fine.

Bert McCullough says he has supervisory permission for a four-round Langford-Wills contest in San Francisco and looks only with agreement to stage. He has wired to Los Angeles, where Wills is now.

Jimmy Crofton is trying to match Frankie Burns and Eddie Moy for a 30-round bout to usher out the year.

Billy Murray and Tom Nickols constitute a middleweight attraction which Jack Kearns has proposed to Jimmy Rohan for the tenth of December.

TITANS TACKLE
OLYMPICS FOR
TITLE AND CUPWinner Will Meet Barbs in the
Rugby Finals for North-
ern California.

The next rugby contest of any importance will be staged Saturday at Recreation Park, when the Olympic Club and the Titans clash for the right to meet the Barbarians for the club championship and a \$100 cup. The Titans, though they met with defeat by the Barbs, are considered a good chance to beat the Olympians.

The Post Street Ruggers have an abundance of good material for an 11-man as Quill, Armitage, Montgomery and others are hard to find, but the backfield is to be considered strong, particularly by that of the Titans. Manager Mackie of the Titans will have Bill Knowles and Ted Hanley back to cover the five-eights, while with Urban, Skinner, Steve Forbes, Mick Forber, McMahon, Prentiss and others from the Barb's front and the Barb's half backfield, with the necessary practice, could hold their own with even a variety fifteen.

Rumors are flying around that either James Elliot or Chet Allen may succeed James Gardner as coach of the 1915 California team. Talk of importing an Australian to teach the boys the ins and outs of this kind would do more good to the California aggregation than Elliot and Allen combined.

The Barb's are the only California team not having entered as many contestants to the visiting All-Blacks, as did the Stanfords. The result was that Jim Wylie and Carroll later joined Stanford, while the rest of the team, when they had no place to play, took the different standard, having for almost two weeks, with the result that Stanford has more rugby material this year in the school than California can hope to have in the next three years.

LOWELL BARRED OUT.
According to statements given out by representatives of Berkeley and Palo Alto High school teams, Lowell High school, champions of San Francisco, will not be given a chance to fight for the prep. team state championship. A clause in the constitution of the prep. team, that Palo Alto and Berkeley teams go by, will not permit them to play teams out of the federation, except as practice game.

Why Lowell, at the beginning of the season, refused to enter in federation, no one knows, but it is decidedly unfortunate.

The most good teams in the field the better, and it is poor sportsmanship for a team, such as Berkeley or Palo Alto, to refuse the Lowell aggregation a game. If Lowell aggregation should, in this game, put up a good contest, they will strive to make up for the difference standard, having for almost two weeks, with the result that Stanford has more rugby material this year in the school than California can hope to have in the next three years.

The annual punting contest following the football season is scheduled for Wednesday afternoon at 4 p. m. The contest is open to any student in the university. Of the football men, Montgomery, Brooks and Bogardus have shown the best boots.

The Question Box

To the Sporting Editor: Being a subscriber to your paper, I wish you would give through your columns your decision on the following: If a runner on second and one out, hits the ball over the leftfield fence, but after the runner hitting the ball over the fence has passed third base, is it intentionally bunted with the runner? How many runs score and is batter given credit for it? Also, if the ball was knocked over the fence, we do not see how the coach could either help or hinder the runner, or why he should want to and see no reason, therefore, for calling anyone out. The rule against interference by coaches would not permit the custom of coaches deliberately tackling runners rounding third and throwing them back on the base when there was danger of them being thrown out. I implore you to use discretion in enforcing this rule, which, I believe, is intended to keep the runner from obtaining an unfair advantage. If the umpire, however, did call the runner out, only two runs score, and the batter gets credit for a

Seven Los Angeles home runs were registered against each Venice and Portland, and five against San Francisco. Wolter with two circuit shots, against the ball over the leftfield fence, but after the runner hitting the ball over the fence has passed third base, is it intentionally bunted with the runner? How many runs score and is batter given credit for it? STANDARD OIL TO BUY SOUTH AMERICAN FIELDS

NEW YORK, Dec. 1.—Expansion on a large scale of the Standard Oil Company of New Jersey to the South American fields is indicated, according to a story published today in the New York Times, which gives details of a letter sent out to stockholders of the Imperial Oil Company of Canada, calling a special meeting at Sarnia, Ont., next Tuesday to ratify the purchase by the Imperial company of three oil companies of Peru. The Imperial Oil Company, it is said, is controlled by the Standard Oil Company of New Jersey.

REPUBLICANS TO FIGHT FOR PARTY

Opposition Is Begun to Purposed Non-partisan State Elections.

Nonpartisan state elections, advocated by Governor Huron W. Johnson are vigorously opposed by the Republican State Central Committee in resolutions formally adopted by that body.

The question of abolishing partisan alignments in the state government was raised in the recent gubernatorial and legislative campaign. The Republican and Democratic candidates and platforms denounced the expedient, and in conformity with its platform declarations, the central committee of the Republican party is now organized to continue the fight in the legislature.

The Governor proposed to have an statewide election on nonpartisan ballot similar to "it," the county and judicial candidates.

The party organizations would then be operative only for national purposes. The Republican central committee issued this statement.

During the campaign, the state election officials have been advised that a scheme to destroy party government in California will be submitted at the forthcoming session of the state legislature for enactment into statutory law in the event of a nonpartisan election.

The purpose of this move is to abolish political parties in California and thereby as a matter of logical sequence to abandon all forms of party organization. Such a radical departure from the fundamental principles of the federal plan of government in the state of California is too serious not to compel the immediate attention of every right-thinking citizen, no matter what his political affiliations.

OF NATIONAL CONCERN.

"Destruction of party government in this or in any other state of this union is no idle proposition. Well if it is successful, it will mean the destruction of California to the nation would be disastrous.

It is by no means a local concern. Party organization through the several states has always been the means through which national political principles have been maintained.

Government by sectional parties has been, and ever will be the system of a successful parliamentary form of expression of the people's will. That which tends to destroy such party organization tends to subvert the doctrine of majority rule and representative government.

Organized parties represent various lines of political thought. They give the people opportunity to assert their differences and natural divisions and abandon them leave the way open for division on unnatural lines, artificially created and wrought with greater danger to popular government.

Eliminate party lines in the state, and at once new and disastrous cleavage occurs among people separating them into groups formed for religious, racial, fraternal and social connections, bringing in their train unthinkably wretched discord and bitterness.

In separate parts of the state government means of domination of the individual, untrammeled by responsibility to any representative body. It means that the state is weakened in its standing in national affairs, and California is not the only state in the union that now need of national organization than now. There is no time to make this commonwealth a political nonentity.

APPEAL TO ACT.

Upon this statement, the Republican State Central Committee appeals to every Republican in California to urge without delay the importance of defeating this nonpartisan legislation.

To this end that every Republican senator and assemblyman in the legislature shall be advised, this committee here formally records its protest against this impending legislation, and as the party's government body, presents the following resolutions:

"Whereas, it is reported that an attempt is to be made at the forthcoming state legislature to enact state nonpartisan election laws, and

"Whereas, such laws would destroy

"Whereas, abolition of party government would cause a complete disruption of natural political divisions and detach responsibility with disastrous effect upon the electorate, and

"Whereas, the government is inherently essential to the federal system of which California is a part; therefore

"Resolved, that the Republican State Central Committee, in its judgment, believes that this committee representing the Republican party of California protests against such legislation; that this committee calls upon every Republican in this state, vigorously to fight this measure and to urge every Republican in the state legislature to resist at every point every move made to pass such a bill; and be it further

"Resolved, that a copy of this statement and these resolutions is sent to every Republican senator and assemblyman, the chairman of every Republican county committee and to the press of the state."

"Resolved, that the Republican State Central Committee, in its judgment, believes that this committee representing the Republican party of California protests against such legislation; that this committee calls upon every Republican in this state, vigorously to fight this measure and to urge every Republican in the state legislature to resist at every point every move made to pass such a bill; and be it further

"Resolved, that a copy of this statement and these resolutions is sent to every Republican senator and assemblyman, the chairman of every Republican county committee and to the press of the state."

"Resolved, that the Republican State Central Committee, in its judgment, believes that this committee representing the Republican party of California protests against such legislation; that this committee calls upon every Republican in this state, vigorously to fight this measure and to urge every Republican in the state legislature to resist at every point every move made to pass such a bill; and be it further
